Learning Community 2: Year 4 Visits to Middle Schools, Autumn 2020

Dear Parents/Carers,

We are really looking forward to your child/children joining us next September and whilst their introduction to the schools will be very different we hope, as Middle School Headteachers, to make their transition our smoothest so far. Last year, we felt went very successfully and there is no reason why this next year should be any different.

I am sure you can appreciate that we will be conducting all open days/evenings under a new structure and format. Due to Government Covid guidelines, we need to ensure pupil and staff safety, and as a result we are not allowing parents to visit our school sites. This of course is disappointing especially as we, like all Head teachers, want to show off each and every school. However, we are keen to ensure that you have accurate and up to date information from all the schools.

Therefore, all schools will be adopting a more virtual model to showcase how we are all extremely proud of our pupils, staff, facilities and the endless opportunities on offer. All of our videos and resources will be shared with you in the week beginning the 23rd November, in line with the agreed dates for Open Week, and by sharing these items during the week it will allow parity across the schools in the area.

We are very excited by this upcoming opportunity; we hope that the students are eager to kick start their journey to Middle School and we are looking forward to overcoming the current challenges with you all.

What we do know is that students and parents are extremely lucky with the wonderful schools located in Leighton Buzzard and Woburn Sands area.

Best wishes,

Middle School Headteachers
