**This Summer, we are running a range of free activities for children and young people aged 5 upwards who are eligible for benefit related free school meals.**

Our sessions are inclusive so are suitable for children with special education needs and disabilities (SEND), and we'll also be running a series of activities that are specifically for children with SEND.

The Holiday Activities and Food programme is for children eligible for benefit related free school meals. This is a requirement from the Department for Education who are funding the programme.

**\* You will need to have registered before you can book an activity.**

Please make sure you have re-registered as old HAF numbers will no longer work.

Please complete a separate registration form for each eligible child. We will allocate each child a separate registration number, which we will send you by email.
